Results for Højgaard Holding and Højgaard Industri for the first quarter are in line with expectations.

Højgaard Holding A/S' own cash resources are considered satisfactory.

The group recorded a loss before tax of DKK 11 million, compared to a loss of DKK 10 million for the same period in the previous year. The slightly lower results, compared to the same period last year, can be attributed to lower results in the jointly controlled enterprise MT Højgaard.

The group's equity stood at DKK 458 million at 31 March 2017, and the book value corresponds to DKK 109 per share of DKK 20.

The MT Højgaard group still expects revenue at the level of DKK 7.2 billion and an operating profit before special items at the level of DKK 150-200 million.

For 2017, in addition to our 54 % share in the MT Højgaard group's profit after tax and minority interests, the Højgaard Holding group still expects a small positive result before tax.

Best regards,
Højgaard Holding A/S

Chairman of the board
